ETHNICITY AND RACE: INSTITUTIONAL REPORTING

Consistent with practices established by the federal government and in use across higher education, the following reporting framework counts each student within a single category. Based on these categories,

- **23.6% identify themselves as under-represented minorities (URM).** URM is defined as American Indian (U.S.), Black (U.S.), Hawaiian/Pacific Isle (U.S.) or any combination including one or more of these categories. All students of Hispanic ethnicity, regardless of race, are also considered URM.
- **44.2% identify themselves as students of color.** This group includes URM plus Asian (U.S.) and Multi Race non-URM (U.S.).

The totals will sum to greater than 100%, since students may select more than one. *International students are not included.*
