

Cornell Undergraduate Experience Survey

Introduction

Welcome!

Thank you for participating in the Cornell Undergraduate Experience Survey. The survey is made up of several short sections followed by some demographic questions. The first section asks you to evaluate Cornell. We then ask about various aspects of your experience:

- about your interactions with faculty and advisors
- about how much you've learned
- about some of your experiences in and out of the classroom as a student
- and as a member of the campus community.

Your answers are very important to us – they will inform our efforts to improve in the years to come.

The survey is completely voluntary. You may answer as few or as many questions as you wish. **Please skip any questions that do not apply to you.** Remember your responses will be

completely confidential, so please be candid. Survey results will not be reported in any form that would allow anyone to identify if and how you responded. Your participation is very important and greatly appreciated!

If you have questions about this survey or encounter difficulties in taking it, please contact the Office of Institutional Research and Planning at irpsurvey@cornell.edu.

Building connection with others is an integral part of the undergraduate experience at Cornell, and one which students approach in many different ways.

What is an example of an activity that has facilitated meaningful connection for you with other students, faculty, or staff at Cornell? For example, working on a project with a classmate, bonding over a shared interest with someone in your residence hall, taking an independent study with a faculty member, having an advisor who helped you to work through challenges, etc. If nothing comes to mind, please leave the question blank.
